Affording assisted living may be easier than you think...

Paying for assisted living may seem like an obstacle and cause you to wonder, "Can I afford this?"

If you compare your current monthly spending to the price of assisted living, you may be surprised to find that it's a lot closer than you'd realize.

When you live at home, you make separate payments for expenses like the mortgage, groceries, utilities, property taxes, healthcare, entertainment and travel. But, what if you were to bundle all of those monthly expenses up into one bill? Many of the expenses you pay now would be included in the cost of senior living. Not only does it make it easier to afford, but think about the extra time you won't have to spend paying and managing bills.

While services vary across locations, here are some of the standard services you can receive at Light of Hearts Villa:

- Quality dining based on your menu selection, with friendly servers and an enjoyable atmosphere
- Housekeeping chores, such as cleaning your apartment, changing linens and doing your laundry
- Transportation options for medical appointments, shopping, education and entertainment
- Health and wellness programs such as physical therapy, Balloflex exercise activities and Walking Club
- A beautiful Chapel area and a wide range of faith-based activities
- A community calendar full of exciting events, activities, excursions and social gatherings
- Well-maintained common areas for socializing with friends or entertaining family members for special events
- Staff available 24 hours a day, seven days a week to be alerted to an emergency
